2005 FIELD TRIP AND BBQ

TOUR OF TUSTIN LEGACY (FORMERLY TUSTIN MCAS)

The Tustin Marine Corps Air Station closed six years ago. As lead agency for the base re-use, the City of Tustin prepared the MCAS Tustin Specific Plan / Reuse Plan. Now known as Tustin Legacy, the base property is being converted to a mix of housing, retail, learning, and other land uses. A major obstacle to implementation of the reuse plan has been the contaminated soils and groundwater beneath the property.

Our field trip will give us an opportunity to learn more about the status of the project. We will tour the property by air conditioned coach, view construction in progress, visit the groundwater cleanup processing facilities, and see the inside of the famous blimp hangers (the world's largest wood framed structures). Experts from the City, Navy and the environmental contractor will be on hand to lead our tour. We will cap off the event with a catered BBQ tri-tip and chicken dinner with all the fixings. Thanks to our sponsor, complimentary beverages will be provided.

MEETING PLACE: Irvine Technology Center (Jamboree and I-5), Irvine

Directions: I-5 to Jamboree, Go inland (east) on Jamboree. Turn right (south) on El Camino Real. Continue on El Camino 0.8 miles to its cul-de-sac end. From the cul-de-sac, turn right into the Irvine Technology Center. Proceed past the office building (Hall & Foreman, Inc.) to the basketball/volleyball court. Buses will pick-up/drop-off there. Park in adjacent open lot. The BBQ dinner will be held at the Technology Center after the tour.

TIME: Check-in: 4:00 p.m.; Program: 4:15 p.m.; Tour Departure: 4:30 p.m. BBQ Dinner: 6:30pm – 7:15pm

COST: \$35 ASCE Members, \$45 non-members and guests, \$15 students (Includes bus transportation and dinner)
